# PREFACE

*Editor in Chief*

All praise and gratitude are addressed to the Almighty God, whose blessings and guidance have enabled the publication of *Arsitektura: Jurnal Ilmiah Arsitektur dan Lingkungan Binaan*, Volume 23, Issue 1, April 2024, according to the planned schedule.

*Arsitektura : Jurnal Ilmiah Arsitektur dan Lingkungan Binaan* contains research articles in the field of architecture which includes research related to architectural engineering and science, social humanities, architectural design research, architectural education research and sustainable development focusing on the field of architecture. Over time, in 2022, *Architecture* developed until finally being internationally accredited at the Directory of Open Access Journal (DOAJ), precisely on April 26, 2022. Based on the Decree of the Ministry of Research, Technology and Higher Education of the Republic of Indonesia Number: 79/E/KPT/2023 regarding the results of the accreditation of scientific journals for the period of 1 of 2023 states that *Arsitektura* is an accredited national journal ranked 3 (Sinta 3) valid for 5 (five) years starting from Volume 20 Issue 2 of 2022 to Volume 25 Issue 1 of 2027.

In this edition, several articles offer valuable insight into contemporary architectural challenges. Among them are studies on passive design strategies for energy efficiency, material innovation through the use of bamboo in architecture, and theoretical perspectives on meaning in architectural form. These articles demonstrate the diversity of approaches and research depth across architectural disciplines, ranging from technical analysis to cultural and conceptual investigations.

We extend our deepest appreciation to the from all leaders of the Study Program of Architecture and the Faculty of Engineering, Universitas Sebelas Maret, for their ongoing support in managing this journal. Sincere thanks also go to our Editorial Board, reviewers, authors, and all individuals who have contributed their time and expertise to the successful publication of this issue. We hope that this edition will enrich scholarly discourse, inspire further research, and contribute to the development of architectural knowledge in Indonesia and beyond.
