### PREFACE

This Proceeding consists of 48 selected papers that have been presented in the 4th International Conference of Economics Education and Entrepreneurship. This conference has been held on 5th November 2020 in Surakarta, Indonesia. Economic Education of Sebelas Maret University as the conference organizer has received 48 papers. Finally, after the review process, 10 papers have been accepted to be published in this proceeding. This conference has some topics, including Economics education, Entrepreneurship, Environmental economy, Financial / banking literacy, Syariah/Islamic economy, Curriculum development, Learning media, School management, Blended economics education, Business education, Higher education, Accounting education, Office administration education, Cooperative education, E-learning, Economics classroom action research, E-archive learning, Virtual office, Office technology.

The process in managing this conference was very challenging and needed commitment of all organizing committee members. We have invited more than ten professional reviewers to select the submitted papers. Hence, thank you very much to all reviewers and we really appreciate your contribution to this conference.

Thank you very much to all components who have participated on this conference, especially to the invited speakers from Tartac State University Philippines (Prof. Dr. Murphy Mohammed), Boston University USA (Junior Professor Derry Wijaya), Mizuno's School Japan (Haruhito Mizuno) and surely from Sebelas Maret University. We also thank to all presenters and participants who have contributed in this conference.

The articles in this proceeding will give contribution to the knowledge and academic development in Economics Education and Entrepreneurship. We hope this conference will also give some advantages for academicians, researchers, students and practitioners, such as network and generating new ideas for the future research.
