

**EDITORIAL TEAM****Equilibrium Journal of Chemical Engineering (EJChE)**

e-ISSN: 2622-3430

**Editor in Chief:**

Mujtahid Kaavessina, PhD, Universitas Sebelas Maret, Indonesia

**Associate Editor in Chief:**

Dr. Endah Retno Dyartanti, Universitas Sebelas Maret, Indonesia

Dr. Joko Waluyo, Universitas Sebelas Maret, Indonesia

**Editorial Board:**

1. Dr. Astri Nur Istyami, Institut Teknologi Bandung, Indonesia
2. Prof. Dr. Bahruddin, Universitas Riau, Indonesia
3. Dr. David Bahrin, Universitas Sriwijaya, Indonesia
4. Dr. Maryudi, Universitas Ahmad Dahlan, Yogyakarta, Indonesia
5. Dr. Muhammad Irwan, Politeknik Negeri Samarinda, Indonesia
6. Dr. Prima Astuti Handayani, Universitas Negeri Semarang, Indonesia
7. Dr. Yustia Wulandari Mirzayanti, Institut Teknologi Adhi Tama Surabaya, Indonesia
8. Dr. Diah Agustina Puspitasari, Universitas Brawijaya, Indonesia
9. Esa Nur Shohih, MT, Universitas Sebelas Maret, Indonesia, Indonesia
10. Muflih Arisa Adnan, MT, Universitas Islam Indonesia, Indonesia
11. Wida Banar Kusumaningrum, M Eng, Lembaga Ilmu Pengetahuan Indonesia, Indonesia

**International Editorial Board:**

1. Sarwono Mulyono Mulyoprayitno, PhD, King Saud University, Saudi Arabia
2. Ekkachai Kanchanatip, PhD, Kasetsart University, Thailand
3. Lukitawesa, PhD, Högskolan i Borås, Sweden
4. Zul Ilham, PhD, Universiti Malaya, Malaysia
5. Meizirwan Mel, PhD, International Islamic University Malaysia
6. Dr. Dwi Hantoko, Zhejiang University of Technology, China

**Assistant Editor**

Heru Susanto, ST, Universitas Sebelas Maret, Indonesia

**Office:**

**Equilibrium Journal of Chemical Engineering**  
Chemical Engineering Study Program,  
Building 1 – 1st Floor,  
Faculty of Engineering, Universitas Sebelas Maret.  
Jalan. Ir Sutami No. 36A, Kentingan, Surakarta, 57126, Indonesia  
Phone: (+62) 271 632112 Email: [equilibrium@ft.uns.ac.id](mailto:equilibrium@ft.uns.ac.id)  
Homepage: <https://jurnal.uns.ac.id/equilibrium>

**Equilibrium Journal of Chemical Engineering (EJChE)** invites scholars, researchers and practitioners to publish their articles and also provides forums for them to share their works, experiences and knowledge of current topics related to chemical engineering, including: Biochemical Process Exploration and Optimization, Bioprocess Technology, Chemical Education, Chemical Reaction Kinetics and Catalysis, Chemurgy Technology, Designing, Modeling, and Process Optimization, Energy and Conversion Technology, Food Technology, Material Development, Membrane Technology, Natural Dyes Technology, Process System Engineering and products, Separation and Purification Technology, Thermodynamics, Waste Treatment Technology. **EJChE** publishes communication articles, original research articles, and review articles.
